

RocksExpo 2-PD Introducing Our Dynamic Planet: 2:30-6:30pm Fri 9 Aug'24

Rocks (and how to use the TESEP rock kit)

Plate Tectonics (the tectonic Earth history)

Critical Minerals (e-car, wind turbine magnets, solar panels, recycling)

School: Clare HS, Elliott St, Clare, SA

Meeting Room: sign in at front desk & get directed (STEM Meeting Room)

Date: Fri 09 August 2024,

2:30pm – 3:20pm **Rocks (Rock Kit Teaching Pack & integrated Plate Tectonics story, yr8),**

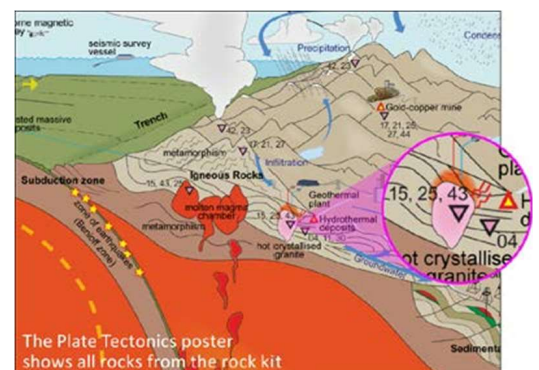

3:30-4:30pm **Plate Tectonics (tectonic Earth history, mountain-building, volcanic events, extinctions),** supper break,

4:45pm – 6:30pm **Critical Minerals (Renewables, electric car) School Facilitator:** Ryan O'Neill

The RocksExpo experience includes–

1. **Incursions** – classroom lessons with students and teachers.
2. **PD workshops** – After-school professional development workshops for teachers (4-hour, 3-PD sessions @ \$45 per attendee for visiting teachers, FREE to host-school teachers).
3. **Certificate**– Australian Science Teacher Association (ASTA) PD - Certificate of Attendance.
4. **FREE rock kit** – Host to receive a FREE rock kit and Plate Tectonics poster.
5. **Introductory RocksExpo** feature How to Use the Rock Kit and Teaching Pack (e.g. how to relate rock kit rocks to rock stories, 3D rendered samples, virtual thin sections and virtual outcrops).

Presenter: Philip Sansom is a keen and very experienced sedimentary basin geologist, with many a geo-story to tell from his work in the energy industry and his 30+ years as a secondary school science educator.
